

Job Invitation

You are cordially invited to apply for a new radiologist position at the Veterinary Imaging Center of San Diego

If you are a radiologist who wants to be in control of their future, push the limits, express themselves, and claim ownership of their life and career let us know. Please visit us online at www.vicsd.com, www.dvminsight.com, www.sighthoundradiology.com, www.animalinsides.com, and www.aavr.org and let us know if you want to be a part of the excitement.

Please refrain from applying if you feel that radiologists are supposed to sit in the back of a practice, hide behind closed doors, or play the hand that management deals to them. Hammering out films all day in your underwear or punching the clock will pay the bills but there is more to life than paying bills.

We are accepting job applications now. Don't dilly dally.
